

FOR IMMEDIATE RELEASE

DWBHCORP Awarded U.S. Navy Seaport Next Generation (NxG) Multiple Award IDIQ Contract

McLean, VA (2 January 2019) – The Department of Navy has awarded DWBH, LLC (DWBHCORP), headquartered in McLean, VA., an Indefinite Delivery/Indefinite Quantity (ID/IQ), multiple award SeaPort Next Generation (SeaPort-NxG) contract. This contract has a five-year base period of performance, with an additional five-year ordering period option. Under this vehicle, DWBHCORP will compete for individual task orders for engineering and program management support services.

Engineering services consist of supporting the research and development of new and existing Naval platforms and systems. Innovative Warfighting Capability is introduced through the design and complex integration of hardware and software into ships, submarines and aircraft during New Construction, Maintenance and Modernization availabilities. These efforts also include the analysis and evaluation of foreign as well as non-developmental systems, equipment, and technologies.

Program Management services consist of the application of acquisition, business, financial, technical, and quality control expertise within large and small Navy programs. These services enable Navy leaders to manage the design, development, production, training, deployment, sustainment and disposal of equipment, systems and platforms.

“This contract provides us the opportunity to continue to serve the Navy on critical requirements such as the DON Financial Improvement and Audit Readiness (FIAR) support we currently provide” stated DWBHCORP CEO Steven MacDonald. “...we look forward to continuing to serve”.

About DWBHCORP: DWBH LLC (DWBHCORP) is a CVE-verified Service Disabled Veteran-Owned Small Business (SDVOSB) that operates in the Washington D. C. metropolitan area offering subject matter expertise, products, and services in support of a wide range of technical areas for mission-critical functions. Visit DWBHCORP at: www.dwbhcorp.com.
